**Portrait of the jeweller**

Inquisitive and passionate, jeweller-designer Philippe Tournaire brings together the world of precious stones and metals and the history of art and science. For over 35 years, he has been designing his idea of harmony. His quest is to innovate, create and invent new jewellery tailored to the wearer and the elements. Listening to Philippe Tournaire speak of his art, watching him unfold his precious rocks, moving them around or forming a cameo, you are already on an enchanting voyage....

Elsa Vanier offers a range of fine and sometimes unique pieces crafted by talented jewellers and silversmiths. In this cushioned, tranquil contemporary space, clients may pause to savour precious objects, choose from a wide selection of designs and prices, consult books on gems and jewellery, listen to one of Elsa's conferences (on request) or chat with designers at opening nights in the heart of Paris' Saint Germain des Prés.
