

## WEIGHTLESSNESS

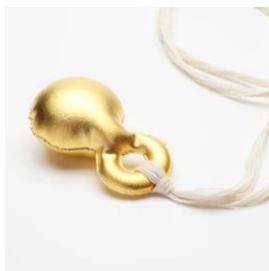

Press opening - **Wednesday 21<sup>st</sup> March 2018** from 3 pm

---

A diamond caught up in a cloud, an imposing, yet light chain, a buoy-shaped pendant that would sink, some jewels seem helium-charged, while others are weighty.

Jewellers are blurring the tracks ...

Be delightfully surprised to discover **that light is heavy and heavy is light, and to question the concept of "precious"..** The gallery stages these trompe l'oeil jewels, starting on March 21st, with the complicity of 5 European designers.

**JEWELRY BY :** Gitte Bjørn (Denmark), Kim Buck, (Denmark), Metylis, (Fr), Fabrice Schaefer, (Switzerland), Céline Sylvestre, (Fr)
